Hi Alex – Please let me know the phone number that I should contact you at for the 1 pm call. Please note that most of the Agency is currently teleworking and that my work number does not currently roll over to my personal phone. Thanks.

Good morning Joe,

Thank you for getting back to me. Sorry I did not respond sooner, we were waiting on guidance for our next step for our project, but if you are available during this upcoming week on either Monday or Tuesday mid-day that would be great. Please let me know.

Respectfully sent,
Alex Quiles

Alex – Pat Seppi and I can participate in a call with you at your convenience to discuss the Ringwood Mines/Landfill site. Please let me know when you would be available during business hours. Please be aware that EPA maintains a site-specific website located at <http://epa.gov/superfund/ringwood-mines> which provides access to site-related documents.

Subject: Ringwood Mines & Landfills Student Project

Good morning Joe,

My name is Alex Quiles a graduate student at William Paterson University in Wayne. For one of my classes, a group of students & I are working on a project regarding the Ringwood Mines & Landfills. Our project is focusing solely on alternative to provide improved and holistic solutions to the sites and we were hoping to gain some additional insight into the projects current standings. If there's any additional information that can be shared with us or if you had some time to answer additional questions, please let me know. I look forward to hearing back from you. Thank you for your time.

-Respectfully sent,
Alex Quiles
